Life is about growth. As we continue to grow and expand Tobiah Children's Home, we now look to build a school for our children and neighborhood children, and we are also growing at the house.

Our daughter, **Alice**, is growing fast

(a teenager now) and doing well in school, helping her siblings making sure she sets the pace.

We recently doubled our food storage, built more beds, bought more bedding, bigger pots and have changed our schedules to accommodate the wonderful children God has brought into our lives at Tobiah Home. This is a unique home that is raising the 43 tribes in Kenya (God's Tribe). We have children from various tribes and this gives us a taste and a beauty of each. We have children that sing, dance, build things, speak eloquently, play soccer, pastor, crack jokes, and even do acrobatics and many more and this is the beauty that makes me, as a father, go to bed tired but smiling, and glorifying God.

Each one of us was created with different abilities and uniqueness.

When I see **Jared**, I see a sprinter.

When I see **Elias**, I see a pastor.

When I see **Celline**, I see a natural Mother or nurse.

When I see **Sophia**, I see an academic.

When I see **Javan**, I see an athlete.

When I see them twenty years from now, I see them writing the history of their Parents, Aunties, Uncles, Donors and Tobiah Home on the map of the world.

BREAKING GROUND for Tobiah Christian Academy!

IMPACTED

Building at the Tobiah Christian Academy property has been progressing well. Regular Tobiah Home staff and many temporary workmen have been helping to build a variety of structures.

Our initial priorities have been a water tower, storage building, guard house, and electrical room. Once these preliminary infrastructures are in place we will be able to work more efficiently on the school itself.

The water tower building has been completed and the building of the tank stand above it has begun. The combination guardhouse and electrical room structure has completed walls and we hope to have a roof on within a week.

Work has also begun on the walls of the storage building which will allow us to store material and equipment on the job site. Eliminating the need to transport equipment to and from the job site will save both time and resources.

Other work that is being done concurrent to the already mentioned buildings are a septic system, a dining hall foundation, and the foundation for the school itself.

There is a lot of work to be done and we look forward to completing it as funds become available.

We have been blessed with good weather and safety at Tobiah Christian Academy and we **ask for your continued prayers and support as we work to provide a Christian school for our children and others in the community.**

Tobiah Staff IMPACTED

Faith

Tobiah Home Staff since 2012

1) Why do you choose to work at Tobiah Home?

"Tobiah Home is a spiritual home, hence I choose to work here so I can be sure to help raise the children in a Godly way."

2) How has your employment helped or impacted your family?

"It has impacted me to make sure my siblings can study by me paying fees for them to continue school."

3) Why do you believe in the mission of CWH?

"Because even orphans have hope in the Lord Jesus Christ, hence they feel fatherly love and motherly love."

Tecla

Tobiah Home Staff since 2011

1) Why do you choose to work at Tobiah Home?

"I have a certificate in Early Childhood Education, so I started working with the kids. Slowly by slowly I started falling in love with Tobiah Home and I loved being around kids. I knew this is the right place God wants me to be and I am happy working here."

2) How has your employment helped or impacted your family?

"I am a single Mother of three kids. For my kids to go to school, it's because of Tobiah Home. So, it has helped me to take care of myself and my family."
